Dear Friends, dear Colleagues,

In the year 2006 two experts from KfW were introduced to Tateni, here in Mamelodi. That was still the time when ARVs were, for political reasons, not available in South Africa.

As a result of that visit and a strong appeal by supporters HEVA (www.heva-ev.de) was formed in Wiesbaden, Germany - and they have been supporting Tateni ever since. Their support - as a conduit for funds contributed by many individuals all over Germany (but with a heavy involvement of many KfW-staff members) - has been very valuable to our work ever since. And continues to be so.

On the occasion of the visit of two of HEVA's board members, Bernd Wiese and Eberhard Knapp, as well as the Director of the private Burkhardt Foundation (Pfullingen) we wish to celebrate our **German - South African cooperation**, now in its twelfth year, with a midday event on Friday, 22nd February 2019, 11h00 for 11:30 a.m. at our offices in 227 Vamsanda Street Moretele view Mamelodi West.

We kindly invite you to this this event and would be honoured if you would stay for lunch. The event ends at 14h00.

RSVP to info@tateni.org

Warm regards

Gratty Phala

Executive Director
